Task:

You are going to design and draw your own symbol which is important to you. You may want to think about the things which are important in your life. This may be family, friends, kindness, sharing. Think of a way you could represent these things in a symbol.

After you have designed it in your Home Learning books, label the key parts and write a few sentences explaining why your symbol is important to you.

Next week we are going to continue to look at what Sikhs believe. If you would like to continue learning about Sikhism, BBC Bitesize have more videos you can watch:
